SNOW DAY!

And let us be concerned about one another in order to promote love and good works. **Hebrews 10:24**

Did you know that every snowflake is unique? Of all the trillions of snowflakes that have fallen from the sky no two of them are exactly the same. The same thing is true about you and me. We have been "fearfully and wonderfully made—*Psalm 139:14*" by God. God has made you differently than every other person in the world and He has a specific plan for your life. He has gifted you with talents and blessed you with abilities so that you would be able to serve Him in a different and special way.

This past Sunday Seth Buckley encouraged us to stick together as the body of Christ. It is important for each of us to perform our duties in the Church body since God has purposely made us to be different parts of the body. A hand without a body is useless. Just as a body made only of feet can perform less than a body made up of all its intended parts. When we stick together and perform our designated functions we can reach out and grow the body just like a snowball rolling down a snowy hill.

When times are tough and you are undergoing trials and tribulations, the body can help support you in your time of struggle. Think of the last time you made a snowman. He was probably the last bit of snow that melted away in your yard. In the same way being a part of the body of Christ will help you weather the storms of life. An isolated snowflake on the ground will melt as soon as the temperatures rises, but a snowflake in the body is supported by all of the other snow surrounding it. So on your next snow day, think about whether you are part of the body of Christ and if so, are you performing the function God intended for you.

WHAT'S UR TALENT?

TALENT SHOW

This week have your family put on a talent show. God has blessed each of us with wonderful (and sometimes unusual) gifts.

Take this opportunity to share those gifts with your family with a talent show. Award the following prizes to family members as appropriate:

1. Funniest Talent
2. Most Christ-like
3. Silliest Talent
4. Most Useful Talent
5. Most Hidden Talent
